# Chamber welcomes new president

The Anderson County Chamber of Commerce welcomes Rick Meredith "back home" as president effective May 1. Meredith replaces Jackie Nichols who retired on April 30.

Back in the 1990s Meredith was very active in the Chamber when he was elected as Register of Deeds. From 1990-2001, Meredith served on various committees, including Leadership Anderson County. He was a member of the second graduating class. Back then, he was, at various times, Chairman of the Board, Treasurer, and an overall operating part of the Anderson County Chamber of Commerce.

From the Anderson County Register of Deeds Office in the 1990s to Assistant Commissioner of the Community Development Division of the Tennessee Department of Economic and Community Development under former Governor Phil Bredesen to Senior Vice President for Community Development at The Hollingsworth Companies, Meredith brings to the table 20 years of leadership and experience in economic and community development as well as knowledge of both state and local planning. He has a proven track record in the implementation of new programs to foster the creation of jobs and

sustained economic growth in both urban and rural areas.

"When you work for the state in that capacity," he said, "you get to hand out grant money, observe good ideas firsthand and really see Main Street; back then I thought to myself that one day I wanted to bring that home."

Meredith is currently serving his second term on the Anderson County Commission. His district includes Clinton, South Clinton and North Clinton precincts. He is Chairman of the Government Operations and Agriculture Committees and a member of the Legislative and Human Resources Committees.

He attended the University of Tennessee Institute for Public Service, and is a Certified Public Administrator. A lifelong resident of Anderson County, he resides in Clinton with his wife, Kim.

Retail development will continue to be the main priority. It will be 24/7, according to Meredith. "I plan on doing a lot of listening," he said. "I have an open door/open phone policy. We have an opportunity to take Anderson County to another level if we can all work together. Just reach out."
