What is Leadership Anderson County?

Founded in 1990, Leadership Anderson County is a prestigious program of the Anderson County Chamber of Commerce designed to develop emerging leaders, while simultaneously promoting the importance and strengths of our community. This program promotes leadership development, facilitates networking with other professionals in the community, and allows an opportunity for community service throughout the year. Local business leaders, public officials, and individuals in the Anderson County community are all invited to apply to the program.

What does the Leadership program include?

The program will focus on how the dynamics of local businesses and city, county, and state governments impact economic and community development. Class members will be introduced to business leaders and elected officials who influence the private and public sectors daily. The curriculum includes sessions on Applied Leadership Skills, Team Building, and Project Management. Tours of the area will cover all aspects of Anderson County plus an overnight trip to Nashville for an opportunity to make connections at the state level and a photo with the Governor. Once the program is completed graduates will be honored at a special graduation event in April/May.
